Safely drive 1/2”, 3/8”, 5/8”, and 3/4” rods from the ground in under a minute with iTOOLco’s Ground Rod Dawg™. Once rod is driven down far enough the tool will hammer from top to finish driving rod under grade levels from ground.

"WE HAD A LARGE DATA CENTER THAT REQUIRED GROUND RODS TO BE DRIVEN ALL AROUND THE BUILDING. The iTOOLco Ground Rod Dawg™ was a real time saver and provided safety we never knew existed. We used to drag a ladder around and drive rods from the top. Not anymore! Thanks for another fantastic tool iTOOLco."

Gordon Gebman
Foreman
Omega Electric

Fits 1/2”, 5/8” and 3/4”
