The Cannon 3K™ is two wire pullers in one with dual capstans that can pull 16' and 40' per minute on low speed and 51' and 85' feet per minute on high speed. This wire puller is lightweight, easy to transport, and packed with power. The Cannon 3K is versatile enough to quickly adapt to any job – side pull, overhead, or underground. It only takes a minute to set-up and start pulling.
