custom bundles

STACKABLE DESIGN

FIXED HEAVY DUTY SWIVEL CASTERS

LOCKING HEAVY DUTY CASTERS

FORKLIFT POCKETS FOR TRANSPORT

In accordance with the Federal Motor Carrier Safety Administration

The Heavy Duty Pipe Cart meets or exceeds the requirements listed on Publication No.: MC-P/PSV-04-001 by having multiple forklift pockets used for strapping within the 5' spacial requirement. The multiple forklift strapping pockets also allow the user to forego use of a bulkhead or headerboard if needed. Use of the four built in load strapping pockets allows for additional securement over the bundle itself.
