

HEAVY DUTY STRUT CART™

TRANSPORT BUNDLES OF STRUT WITH EASE

iTOOLco.

Load & Unload Bundles With a Forklift

Can Hold Loads Up To 3,700 Lb.

iTOOLco's Heavy Duty Strut Cart™ is the perfect solution for storing and transporting large bundles of strut with ease. Capable of holding up to 3,700 lbs. the built-in forklift pockets allow for jobsite delivery and mobility. The Heavy Duty Strut Cart is designed with a Stable H-Design & has clearance below the load and side rails, enabling the strut to be loaded or unloaded via forklift. The stackable design also maximizes your storage footprint. Meanwhile the forklift pockets double as tie down slots - meeting the Federal Motor Carrier Safety Administration's standards for strapping loads down.

HEAVY DUTY STRUT CART™

TRANSPORT BUNDLES OF STRUT WITH EASE

iTOOLco.

FORKLIFT POCKETS FOR TRANSPORT

The Heavy Duty Pipe Cart meets or exceeds the requirements listed on Publication No.: MC-P/PSV-04-001 in accordance with the Federal Motor Carrier Safety Administration. The multiple forklift strapping pockets can be used to forego the use of a bulkhead or headerboard when needed. Load strapping pockets for individual bundle securement also exceed the minimum requirements for transportation in accordance to the previously listed publication.
