

# REAL BIG JACKS™

MOVING HEAVY SPOOLS HAS NEVER BEEN EASIER

# iTOOLco.

Lifting can be done from all four sides with forklift

iTOOLco's Real Big Jacks™ are an innovative jack stand for transporting and feeding heavy spools of wire. Real Big Jacks™ feature fork lift slots for easy lifting and movement about the site and can accommodate spools up to 10' diameter x 6' wide (standard unit), and weighing 20,000 lb. with a uniquely patented design that allows these heavy spools to spin easily, a power feeding unit is typically not needed. With the addition of the Real Big Jacks™ Expansion & Axle Kit, Real Big Jacks™ will accept spools up to 88" wide & 10' Tall.

Pull from almost anywhere, including a trailer

## WE USED THE iTOOLco REAL BIG JACKS ON 8 SPOOLS ON - EACH WEIGHING ABOUT 8000 LB.

The jacks were easy to use and the spools moved right into place with the heavy duty casters. The wire paid off the spools with no effort, the puller actually pulled the wire off the spools. Great product for spools this size.
