iTOOLco.

Keep Tools and Materials Ready to Use

Hanging Bin Compatibility

Expandable Design fits Multiple Sized Lifts and Scaffolding

FASTER SAFER WORKSPACE

iTOOLco.com / 865-670-3713

Now iTOOLco provides a simple solution to keep the standing platform clear of material and tools while working in lifts and on scaffolds. The iTOOLco Tool Management System keeps your tools and material at an easily accessible working level, decreasing the potential for injuries, while increasing productivity. The Tool Management System keeps material and tools neatly nested in their next ready to use position. It provides a long awaited workbench for pre-assembling hardware before installation. Due to its telescoping design, the system fits a wide range of lifts and scaffolds, making it perfect for any jobsite.
