

CABLE MATE™

ONE ACCESSORY FOR ANY WIRE BAR

iTOOLco.

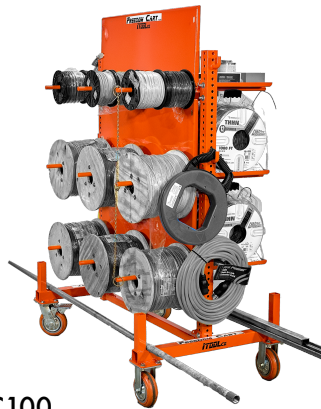

MCA01

VMC3000

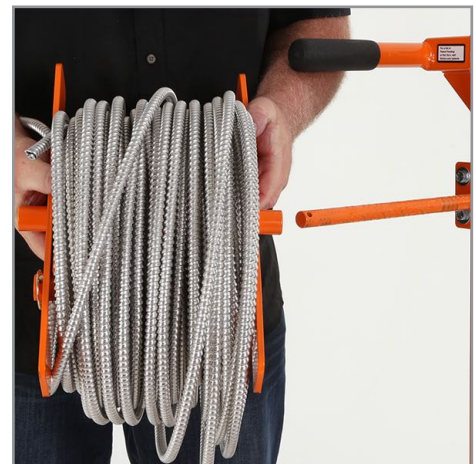

Removable side plate allows for easy loading and unloading of coils.n

FC100

FWC01

Slides onto any wire bar and secures in place with just a pin.

MC300

CM2P

Load and unload coils effortlessly.

The iTOOLco Cable Mate™ stores one 250' coil of MC or Romex quickly and easily. Designed to fit on multiple iTOOLco carts & wire bars, the Cable Mate prevents tangling while allowing the user to load & unload coils effortlessly. To load it, simply pull the two pins out of the side of the locking side of the Cable Mate, then remove the side plate allowing you to slide the coil of wire over the center rods. Then reinstall the side plate and pins and you are ready to go.

FASTER SAFER WORKSPACE
